About this pack: information for teachers

This pack contains the assessment materials for Unit 2: Key Business Considerations.

Within this pack, you will find:

- information for teachers on how to manage arrangements for assessment
- a **candidate pack** which includes:
 - details of the assignment
 - a detailed breakdown of each task
 - information for candidates, which tells candidates about things that they must and must not do when they are completing the assessment
 - a Candidate Cover Sheet
 - a Candidate Declaration Form.

You must provide each candidate with a copy of the complete candidate assessment pack.

Managing the assessment

This is a WJEC marked (external) non-examination assessment. The following arrangements must be followed when managing the assessment

Task setting

This assignment has been produced by WJEC and cannot be changed.

Time

Candidates must be allowed **five hours** to complete this assessment. Candidates should spend approximately:

- 2 hours 30 minutes completing task 1
- 1 hour 30 minutes completing task 2
- 1 hour completing task 3 OR 4.

The time suggested for each task takes account of the contribution of the task to the overall assessment requirements. There can be no changes to the total time available for this assessment. Centres can, however, amend the suggested time available for each task.

Resources

Candidates must have access to the candidate assessment pack and any necessary resources, as specified in the detailed task tables within the candidate pack.

Collaboration

Group work is **not** allowed. Candidates must complete all tasks individually.

Supervision

All tasks in this unit are taken under indirect supervision:

Type	Description
Indirect	<p>Candidates do not need to be directly supervised at all times.</p> <p>The centre must ensure that:</p> <ul style="list-style-type: none"> • all candidates participate in the assessment • there is sufficient supervision to ensure that work can be authenticated • the work an individual candidate submits for assessment is his/her own. <p>Candidates' work must remain within the centre at all times and must be stored securely between timetabled sessions.</p>

Centres must have in place systems to ensure candidates cannot access evidence they have been developing outside of supervised activities.

Authentication

Supervision must be in place to ensure the authenticity of evidence produced for summative assessment.

You should not provide input or guidance to candidates during the assessment time. This includes providing formative feedback on the evidence being produced. You can provide guidance on the requirements of the task and remind candidates of the mark bands and how they can be interpreted.

Candidates can review and redraft evidence independently within the time controls for the assessment.

Candidates must sign the declaration to confirm that all evidence submitted for moderation is their own work and that any sources used have been acknowledged.

Assessors must sign the declaration to confirm that evidence submitted for moderation was completed under the controlled conditions set out in this assessment.

Candidate evidence

The acceptable formats for evidence of each of the tasks is summarised in the task tables. Any modified assessment must enable the candidate to generate the evidence required in this table.

Task marking

WJEC will mark all evidence produced by candidates.

Centres **must** ensure that a candidate cover sheet (included in the candidate assessment pack) is completed for every candidate and attached to the front of the candidate's work.

Centres **must** also ensure that candidates complete a candidate declaration form; this is included in the candidate assessment pack.

Notes on the completion of the Candidate Declaration Form

- The form must be completed and securely attached to the Candidate's work, and sent to the awarding body
- The form can be completed electronically or manually. Electronic signatures will be accepted

Further information

You should refer the JCQ Instructions for conducting non-examination assessment for further information on managing assessment within our GCSE Qualifications.

This pack is a sample. It must not be used for live assessment.

Assessment details

For this assessment learners are required to investigate a business that operates in their locality. The business they investigate can be a local scale business only operating in the locality or a national or global business that has a presence in the locality.

Learners will be required to undertake research on their chosen business and to use their research findings to produce a report. Part A of the report will be compulsory, but for part B WJEC will select two themes from the specification content (Business ethics, Business and the environment and Business and Technology) and centres and/or learners will choose **one** of the selected themes.

The assignment, featuring the two selected themes and the associated tasks, will be released during the first week of September for assessment for that academic year and will change annually. Centres have the flexibility to decide when, during the assessment year, learners undertake the assignment.

This assessment contributes to 15% of the overall qualification grade and will take 5 hours to complete. The assignment could be completed in one sitting, or in multiple, shorter sessions. The assignment will be marked out of a total of 48 marks.

This unit will be assessed through an externally set assignment and will be set and marked by WJEC. Assessments must be submitted digitally (they may be hand written and scanned, or completed digitally).

The two themes selected each year from the specification content are shown below:

Year of submission	Choice of theme (Centres and/or candidates to select one from the selected themes)	
2026	Ethics	Business and the environment
2027	Business and technology	Ethics
2028	Business and the environment	Business and technology
2029	Ethics	Business and the environment
2030	Business and technology	Ethics

Centres and/or candidates select **one** theme from the two above to answer Part B of Task 2.

It is important that centres select the topic from the year that they plan to submit the work for marking as this may be different to the year that the candidates undertake the assessment.

About this pack: information and instructions for candidates

This candidate assessment pack is for candidates completing Unit 2 – Key Business Considerations.

Within this pack, you will find:

- your assignment
- a detailed breakdown of each task, the evidence requirements, and the conditions (controls) under which the task is to be completed
- information for candidates, which tells you about things that you must and must not do when you are completing the assessment
- the mark scheme which will be used to assess your work
- a Candidate cover sheet
- a Declaration Form.

You will have 5 hours in total to complete this assessment. You should spend approximately:

- 2 hours 30 minutes completing task 1
- 1 hour 30 minutes completing task 2
- 1 hour completing task 3 OR 4.

You will be supervised throughout the assessment.

Your teacher is allowed to help you to understand the assessment requirements and the tasks, but there are rules about the kind of help and how much they can give you. You should speak to your teacher if you have any questions about what you are and are not allowed to do as you are completing the tasks, as they will know how much help they are allowed to give you.

It is important that you work independently from other candidates and the work produced should be your own unaided work. You and your teacher will be required to sign a declaration that all work presented is your own work.

You are advised to check your work carefully to make sure that it is accurate and correct.

You must not discuss or share any details of the brief until after 5 May 202X.

Assessment:

You are required to investigate a business that operates in your locality, then produce a report with two parts. The business you investigate can be a local scale business only operating in your locality or a national or global business that has a presence in your locality.

You have a total of **five** hours to complete this assignment.

You are required to:

Task 1:

- Investigate your chosen business.
- Present research findings.

Task 2:

- Use your research findings to write a report that covers the tasks in Part A and B:

Part A - compulsory

- Summarise the operations of your chosen business.
- Explain the impact society has on your chosen business.
- Analyse the impact of your chosen business on society.

Part B

Choose from the following, either:

Task 3: Business and the environment

- Summarise how your chosen business acts in a sustainable way.
- Evaluate the impact of your chosen business' environmental behaviour.

Or:

Task 4: Business and technology

- Summarise your chosen business' use of technology.
- Evaluate the impact of technology on your chosen business.

The tasks on pages 5 to 9 state what **should** be included in your evidence and what **could** be included:

- Where tasks use the word **should**, you will need to include what has been listed.
- Where tasks use the word **could**, this information is for guidance only. You should select what is appropriate for the business you are investigating.

Information for candidates

The following information has been taken from the [JCQ Information for candidates – non-examination assessments](#) and the [JCQ Artificial Intelligence \(AI\) Use in Assessments: Protecting the Integrity of Qualifications](#). This tells you about things that you **must** and **must not** do when you are completing your assessment. If there is anything that you do not understand, you **must** ask your teacher.

Preparing your work

- When you submit your work and sign your candidate declaration form, you need to ensure that your final product reflects your own independent work and isn't copied or paraphrased from another source such as an AI tool.
- If you receive help and guidance from someone other than your teacher, you **must** tell your teacher who will then record the nature of the assistance given to you.
- If you worked as part of a group on a task, you **must** each write up your own account of the assignment. Even if the data you have is the same, you **must** describe in your own words how that data was obtained, and you **must** independently draw your own conclusions from the data.
- Take care of your work and keep it safe. **Do not** leave it lying around where your classmates can find it or share it with anyone, including posting it on social media. You **must** always keep your work secure and confidential whilst you are preparing it; **do not** share it with your classmates. If it is stored on the computer network, keep your password secure. Collect all copies from the printer and destroy those you do not need.
- **Do not** be tempted to use pre-prepared online solutions (such as those produced by AI tools and chatbots) – this is cheating. Electronic tools used by WJEC can detect this sort of copying.
- You **must not** write inappropriate, offensive or obscene material.

Plagiarism

Plagiarism involves taking someone else's words, thoughts or ideas and trying to pass them off as your own. **It is a form of cheating which is taken very seriously.** Don't think you won't be caught; there are many ways to detect plagiarism:

- Markers can spot changes in the style of writing and use of language.
- Markers are highly experienced subject specialists – they may have read the source you are using, or even marked the work you have copied from!
- Internet search engines and specialised computer software can be used to match phrases or pieces of text with original sources and to detect changes in the grammar and style of writing or punctuation.

Penalties for breaking the regulations

If it is discovered that you have broken the regulations, one of the following penalties will be applied:

- the piece of work will be awarded zero marks
- you will be disqualified from that unit for the assessment series in question
- you will be disqualified from the whole subject for that assessment series
- you will be disqualified from all subjects and barred from entering again for a period of time.

WJEC will decide which penalty is appropriate.

Remember – it's your qualification so it needs to be your own work.

Candidate Declaration Form

You must complete Part A and Part B of this form

Centre No:								Centre Name:	
Candidate No:								Candidate Name:	
Unit Title:									

Part A: Candidate Declaration

References: Give details of the exact source of any non-original material used in the assignment.	List of software packages/AI tools/chatbots¹: Give brief details of how these have been used in the assignment.

Authentication Declaration

I declare that my work was completed independently and without any assistance beyond that which was permitted. All work is my own, except for any non-original material clearly credited above. This work has not been submitted for any other qualification. I have clearly referenced any sources and any Artificial Intelligence tools used in the work. I understand that false declaration is a form of malpractice.

Candidate Signature:	Date:
----------------------	-------

¹ Where you have used AI tools as a source of information, you must show the name of the AI source used and the date the content was generated. For example: ChatGPT 3.5 (<https://openai.com/blog/chatgpt/>), 25/01/2023. You must retain a copy of the question(s) and computer-generated content for reference and authentication purposes, in a noneditable format (such as a screenshot) and provide a brief explanation of how it has been used. This must be submitted with your work, so your teacher/assessor is able to review the work, the AI-generated content and how it has been used.

End of Candidate Assessment Pack
